

Thank Coworkers and Volunteers

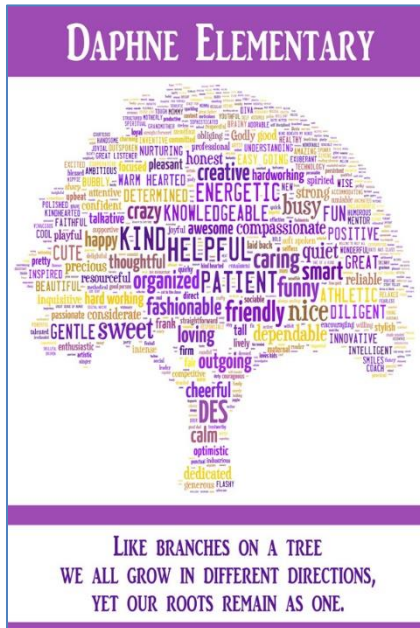

By Meghan Everette

Make coworkers or volunteers feel special by offering a unique thank you to end the year. Collect a variety of positive attributes or descriptive words about each person. Use an online [Wordle](#) or [Tagxedo](#) program to create a word cloud about him/her. Print each cloud on photo paper, and display or frame and give as a gift. Create a special school display by combining all the words used to describe each worker into one large cloud.

Thank Coworkers and Volunteers
