

## Create Summer Reading Treat Bags

From  **Instructor**

This summer, send your students off with a bag full of treats that encourages them to read all summer long!

Take a plain lunch bag and fill with the Printables you find below, along with a few snacks (such as gummy “bookworms” or One Fish, Two Fish, Red Fish Goldfish crackers.) If you have a summer reading list, include that as well. Send these home during the last week of school and encourage your students to get a jump-start on their summer reading!

These free Printables include:
